

### **Food/Nutrition Commodity Sites**

CADC participates in the USDA Commodity Food program distributing canned and packaged foods to eligible households. The program enhances the nutritional status of children, seniors, and communities, ensuring a better quality of life in the 12-county service area. In the Summer Food Service Program, low-income children and youth have access to well-balanced diets all the year. In this program, CADC partners with community based youth mentoring programs to provide nutritious meals to children during the summer months.
