

Free Tax Preparation

CADC partners with the Internal Revenue Service to provide free tax preparation throughout its service area. Tax sites help taxpayers claim their Earned Income tax Credit and can have their tax returns efiled. Sites are staffed by trained, certified volunteers and offer hours and locations convenient to taxpayers. CADC also promotes asset based services offered by the agency. The Free Tax Preparation programs help low and moderate income families keep more of their hard-earned money.

You must call for an appointment at all sites.
