CADC provides services in 12 counties in Arkansas. Contact any of our local offices for more information about the programs and services offered in your area.

What is an IDA?

IDA's are matched savings accounts that encourage low-income working people to save money and acquire assets.

Through IDA's, individuals can purchase their first home, attend college or job training, or start or expand a small business.

Most applicants will be enrolled in the program for six months to two years.

The IDA Match

Participants commit to saving at least \$10 a month. When they reach their saving goal, CADC will match the savings 3:1 to purchase the asset.

Yes! For every dollar saved, CADC will match it with \$3.00 — up to \$2,000 per individual, or \$4,000 per household.

Family Development

Participants will have a Family Development Specialist to work with them throughout their training process to help keep them on track and guide them through difficult times.

The Family Development Specialist will assist them with their goal setting, savings, asset purchase, and more.
